

## 4th Grade Rocket Weekly Update

Thank you for checking out the updates for this week!

### **Parents:**

**Since the weather is changing, we are seeing students in their fall attire. This is to remind you that leggings and socks are to be the solid colors of blue, black, white and brown. Patterns are not part of the uniform. Sweatshirts cannot have any visible logos or writing, except for John Rex logo, and should be solid white or navy. If you have questions regarding the uniform or our uniform policy, please contact Mrs. Fulmer.**

### **Upcoming Important Dates:**

1/26-Report Cards Sent Home

2/10-No School/Conferences

2/13-No School

2/14-Valentine's Day Parties

2/16-Fuel Up

**\*\*Don't forget to send in your Box Tops\*\***

Have you signed up to be a part of the John Rex Team for the OKC Memorial Kids Marathon?

This week, we are continuing work in Unit 5 of our reading curriculum. We are finishing up Comparing and Contrasting information. Students' reading log is due THIS FRIDAY. I will be partnering with Braum's Ice Cream store and giving stickers to students who turn in a complete, signed and on time. They can earn free ice cream for reading! We are currently MAPS testing in reading and math. Your students tested in reading today (Tuesday) and will test in math on Thursday. Please be sure to discuss your student's progress with them.

**HW:** New Reading Log due January 20th (FRIDAY)

This week we will continue our unit on fractions. We will be looking at equivalent fractions and order fractions from least to greatest or greatest to least. Next we will take a look at adding fractions that have the same denominator. A great way to begin talking to your student about fractions is while driving on the highway. Talk to them about what it means when an exit is  $\frac{1}{4}$  or  $\frac{1}{2}$  a mile a way, for example. While you are cooking is another great conversation! Have them put the measuring cups in order from least to greatest without looking at them. Ask them to figure out how many  $\frac{1}{4}$  cups are in a  $\frac{1}{2}$  cup, for example.

**HW:** Monday Math!

---

**Science/Social Studies-Mrs. Feagins**

This week we will review the Southwest and Southeast Region of the United States. Please make sure you are reviewing the states and capitals each day with your child. We are also preparing for our new PLTW Unit, The Human Body.

**HW:** Review States and Capitals flashcards.

\*\*\*I will start back using the ClassDojo app for behavior management. If you are not signed up, please let me know and I will send home a sign-up sheet for you and your child. Please keep an eye out for announcements and behavior alerts.\*\*\*
