

## 4th Grade Rocket Weekly Update

Thank you for checking out the updates for this week!

### Parents:

Since the weather is changing, we are seeing students in their fall attire. This is to remind you that leggings and socks are to be the solid colors of blue, black, white and brown. Patterns are not part of the uniform. Sweatshirts cannot have any visible logos or writing, except for John Rex logo, and should be solid white or navy. If you have questions regarding the uniform or our uniform policy, please contact Mrs. Fulmer.

### Upcoming Important Dates:

The John Rex Rocket Fuel Up! "Empowering Young Minds" Fundraiser & Auction is scheduled for

Thursday, February 16th at the Park House, 125 Ron Norick Blvd, Oklahoma City, OK

Tickets can be ordered online at <http://johnrexppta.tictail.com/>

1/26-Report Cards Sent Home

This week, we are continuing work in Unit 5 of our reading curriculum. We are finishing up comparing and contrasting information, and will soon begin discussing cause and effect. Students received a new reading log today. It will be due on February 3rd. I will be partnering

with Braum's Ice Cream store and giving stickers to students who turn in a complete, signed and on time. They can earn free ice cream for reading! We are also beginning to work with STARS reading. It is a great test prep book that we will use every Friday. Testing will be here before we know it, and this is a great way to prepare early.

**HW:** New Reading Log due February 3rd

This week we will continue our unit on fractions. We will take a look at adding fractions that have the same denominator. Students are also working on their fluency of multiplication and division by taking low pressure 2 minute drills. You should be able to track their progress when their sheets are returned in their Thursday folder. Their only goal is to try and improve from the previous 2 minute drill. We will take these about every 1 week or so in class. They are tracking their progress in their math notebooks so you might ask them how many they got correct on their last drill. Please reinforce this skill with them at home because being able to easily recall their multiplication and division facts will help so much as they get into more complicated math. Please see their Monday Math sheet for lo

**HW:** Monday Math!

This week we will review the Southwest and Southeast Region of the United States. Please make sure you are reviewing the states and capitals each day with your child. We are also preparing for our new PLTW Unit, The Human Body.

**HW:** Review States and Capitals flashcards.

\*\*\*I will start back using the ClassDojo app for behavior management. If you are not signed up, please let me know and I will send home a sign-up sheet for you and your child. Please keep an eye out for announcements and behavior alerts.\*\*\*
