- 

### Reading/Language-Ms. McCall

[mmccall@johnrexschool.org](mailto:mmccall@johnrexschool.org)

For the rest of the year, students will be working in their novel study groups. Student had the opportunity to choose from 4 books. They will read the book in class with their book study groups. They will have reading response questions or quizzes over their reading every other day. The last two weeks of school, we will be working on a class project over their books. Any work that comes home will be in their reading folder and notebook. Each student received a reading schedule and a folder to keep their assignments in. Please be sure the folders make it back to school each day. Thank you!

**HW:** May have assignments that go along with novel unit (to come)

---

### Math-Mrs. Liles

[wliles@johnrexschool.org](mailto:wliles@johnrexschool.org)

This week we are reviewing changing improper fractions to mixed numbers. We also will begin working on an in-class geometry project. I always encourage extra practice at home for multiplication and division facts, including flash cards, Prodigy and Khan Academy.

**HW:** If they have homework this week, it would be to finish an assignment they did not get completed in class. I will message on Class Dojo if I feel a majority of students have to complete an assignment at home.

---

### Science/Social Studies-Mrs. Feagins
