Students will finish up with their novel study groups this week.

**HW:** May have assignments that go along with novel unit (to come)

I always encourage extra practice at home for multiplication and division facts, including flash cards, Prodigy and Khan Academy.

**HW:** If they have homework this week, it would be to finish an assignment they did not get completed in class. I will message on Class Dojo if I feel a majority of students have to complete an assignment at home.
